# What is Billy?

## "Healthy Kids, Happy Parents – Your Smart Medication Buddy"

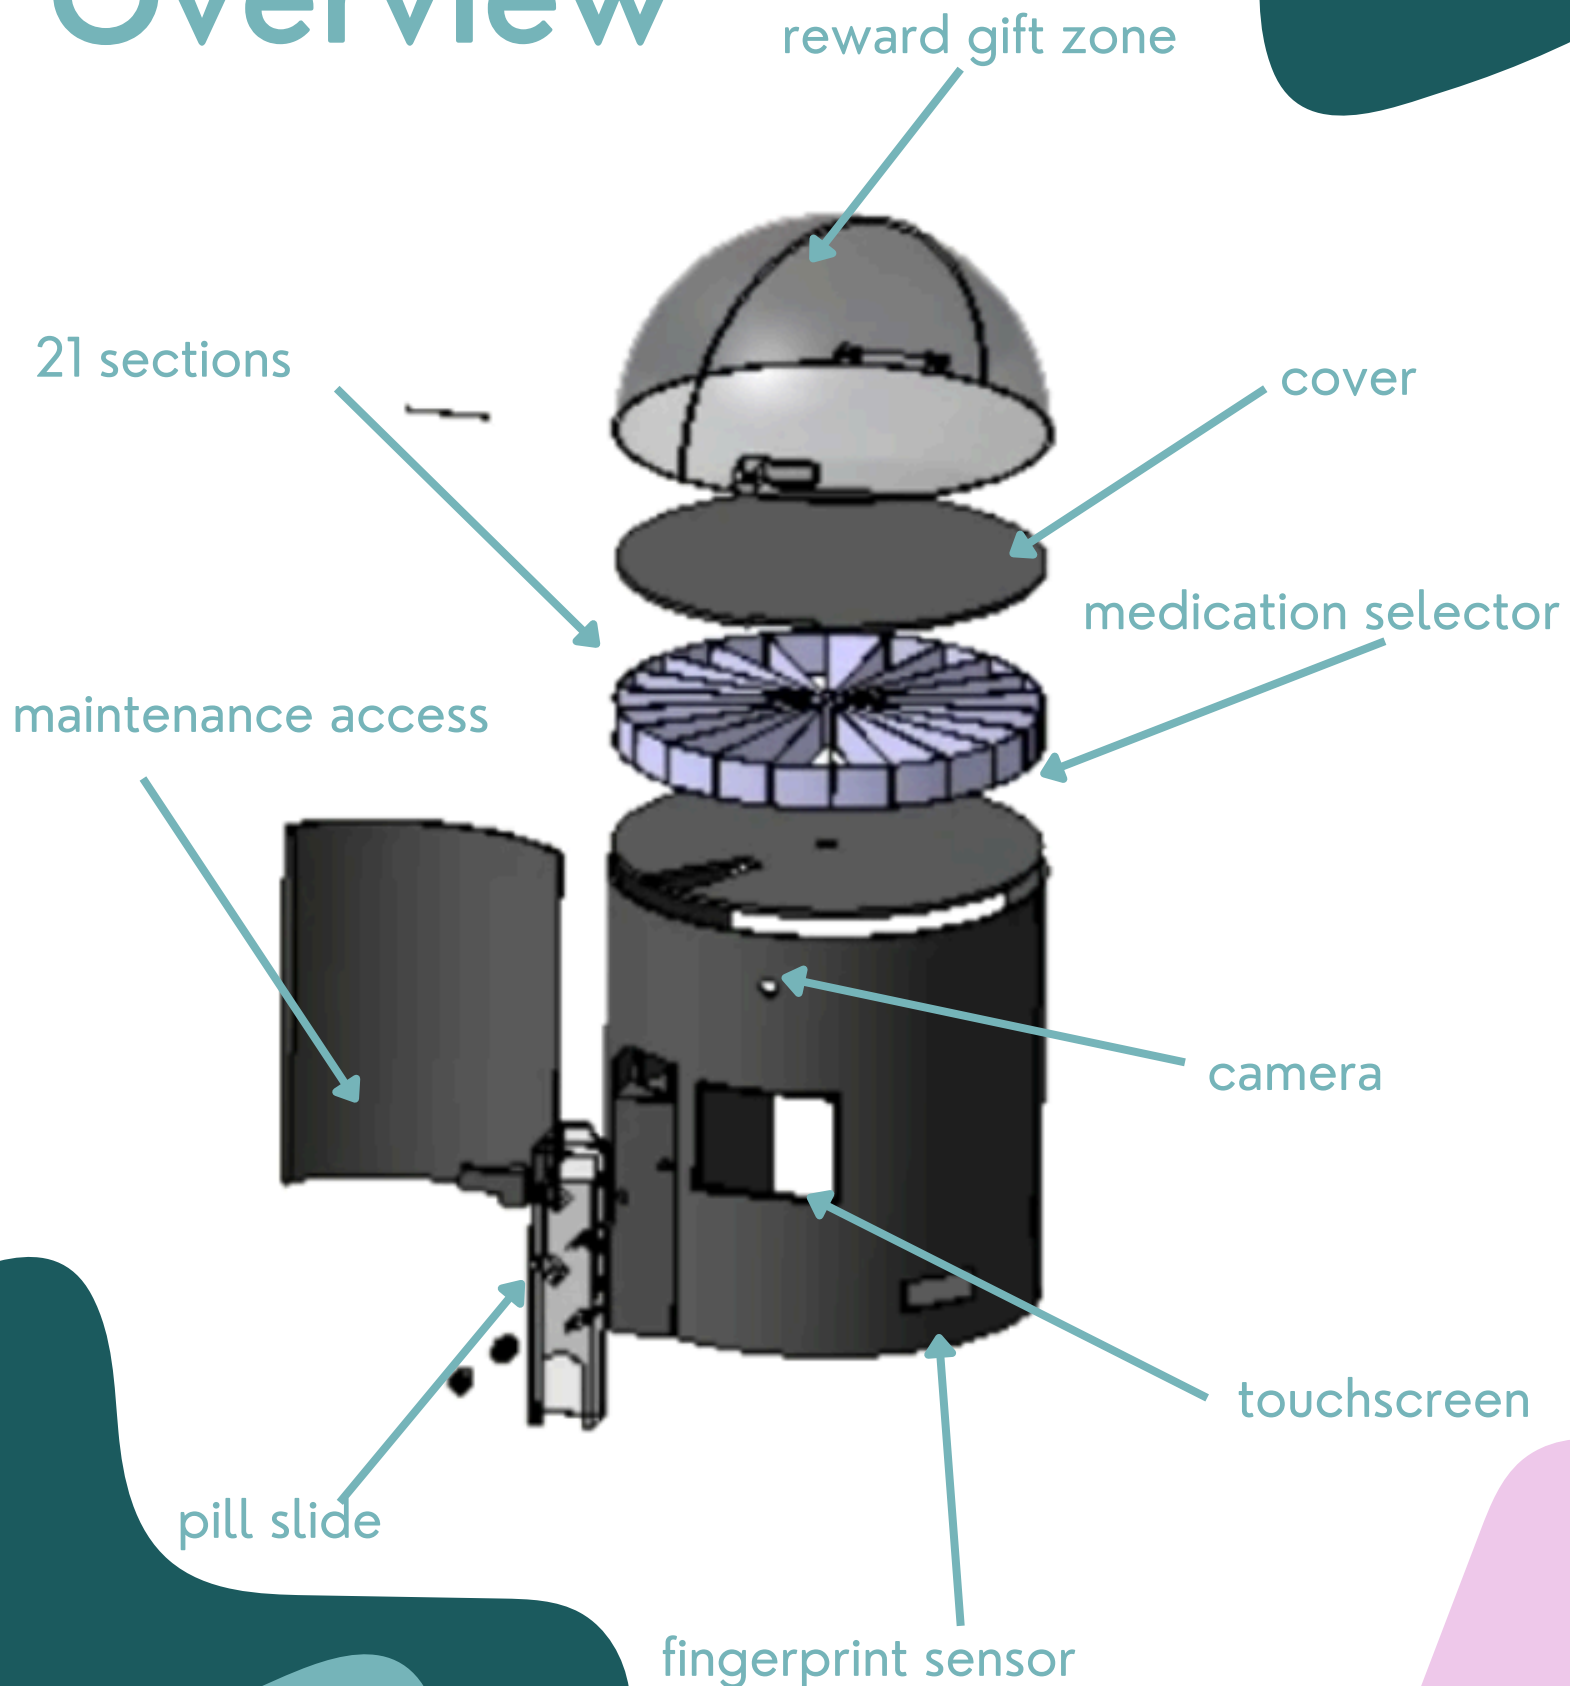

Billy is a smart medication dispenser that helps children and parents making medicine intake easier.

By using , parents don't need to worry about supervising their kids while taking their medication. The integrated camera enables direct control, and the App system allows supervision at distance.

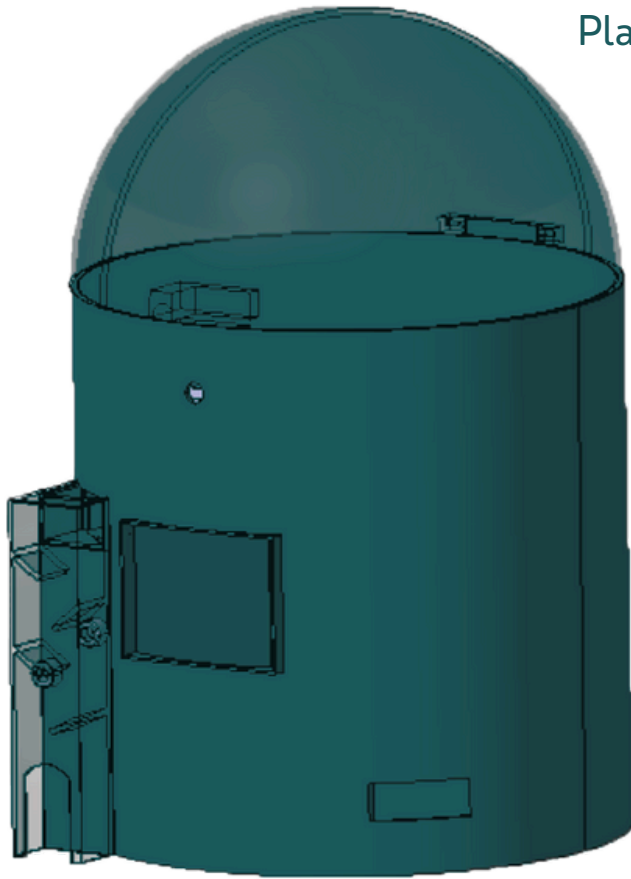

Moreover children won't keep fighting against taking medication. The design and integrated rewarding system will make it as appealing as playing a game!

# Product Overview

# How to set it up?

Place it on a steady surface

Plug it in

For using , WI-FI access is necessary

Connect to the app with the instructions on the next page
